What is Triple P?

The Triple P - Positive Parenting Program<sup>®</sup> is one of the world's most effective parenting programs.

It gives parents the skills they need to raise confident, healthy children and teenagers and to build stronger family relationships. It also helps parents manage misbehaviour and prevent problems occurring in the first place.

With more than 30 years of on-going research, Triple P has been scientifically trialled with thousands of families around the world and been found to work for most families within a wide variety of cultures, countries and individual situations. Triple P has helped more than four million children and their families in 25 countries around the world.
